

Walnut Brook, Raritan Township

Volunteer Tree Planting

Join Raritan Township and Raritan Headwaters, as we continue to restore the Walnut Brook stream corridor. Trees help keep streambanks from eroding, control flooding, provide habitat for wildlife, maintain cool temperatures for fish, and clean the water.

Saturday, October 5th
9am - Noon, Rain or Shine!

Meet at parking area located at
177 Thatchers Hill Rd, Flemington
(additional parking along Green Hills Dr.)
